Comprehensive online training preparing your employee for the role of a **BIM Coordinator**

The **BBC - Become BIM Coordinator** training provides knowledge of all the mechanisms and problems that a BIM coordinator may face. It consists of 17 modules, which include both theoretical knowledge and practice. Your employee will complete comprehensive training, that will fully prepare him to work as a BIM Coordinator

ENSURE THE COMPETENCE OF YOUR EMPLOYEES AND INCREASE THE EFFICIENCY OF YOUR COMPANY!

SEE HOW YOUR COMPANY WILL PROFIT FROM BBC TRAINING

- Staff development under the supervision of an experienced practitioner
- Improved service quality and increased customer satisfaction
- Improved performance and minimization of errors
- Competitive advantage, thanks to the ability to use innovative tools at work and to operate them efficiently

WHAT WILL YOUR EMPLOYEE GAIN?

- Knowledge of the BIM tools used by the coordinator in the different phases of the project and their practical application
- Ability to plan model checking activities effectively and develop coordination strategies
- Ability to solve BIM coordination problems with the help of the right software
- Ability to create and interpret BIM documents (e.g. BIM Executing Plan)
- Ready-made solutions for immediate implementation in the project
- Ability to effectively use the 6 various tools used during the BIM Coordination process

€729
